**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Morey Wildes on August 6, 2009.

The application has been amended as follows:

***In the claims***

In claim 1, line 7 (last line), after “view” insert –with respect to a geometric center of the housing”.

In claim 2, line 2, insert –plastic—before “ sheet”.

In claim 9, line 2, replace “the illumination” with –an illumination--;  
line 3, replace “image sensor” with –imager--.

In claim 11, line 1, replace “image sensor” with –imager--.

Cancel claims 15-30.

***Election/Restrictions***

2. Applicant's election of Group I in the reply filed on May, 15, 2009 is acknowledged.

Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

3. The following is an examiner's statement of reasons for allowance: Although the prior art of record disclose most elements of claim 1 individually, none of the prior art of record explicitly teach or fairly suggest the combination including a substantially spherical housing comprising a support having a first and second face, the first face having thereon an antenna and an imager, the second face having thereon a transmitter and a ballast weight positioned such that the center of gravity of the device is opposite the direction of view with respect to the geometric center of the housing. It is noted that the phrase "with respect to the geometric center of the housing" was required by the Examiner to provide a reference for the relationship (i.e., opposite) between the center of gravity and the direction of view. Amendments to claims 2, 9 and 11 were required merely to make terminology in the claims consistent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John P. Leubecker whose telephone number is (571) 272-4769. The examiner can normally be reached on Monday through Friday, 6:00 AM to 2:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Linda C.M. Dvorak can be reached on (571) 272-4764. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
